

2000/2001 Canadian Girls Reference Letter for Jack Holmes Travel

In August 2015 we traveled to Sweden/Finland with a group of 19 female hockey players and their families from Calgary, Alberta, Canada. This trip was coordinated entirely by Jack Holmes and I would like to take this opportunity to comment on what an incredible experience he delivered.

Jack was very easy to communicate with and promptly responded to any questions we had for him. He provided prices and accepted payment in Canadian funds which removed concerns with exchange rate fluctuations. Jack's experience in planning these trips showed in the accommodations, travel and balance of activities. The hotels were very nice and the bus service to and from all activities was stellar. Jack provided a great balance of site seeing and hockey. Cultural tours such as the Vasa Warship Museum, Old Town, Drottningholm Castle and the Suomenlinna Sea Fortress provided the history while fun events like the Cruise ship from Stockholm to Helsinki and the swim/sauna added immensely to the trip. The interaction of the players after the games created new friendships half way across the world. A definite highlight of the trip would be having the Finish teams in the stands cheering "go Canada go" in our final game and the interaction in the arena that followed the game.

I would like to thank Jack for delivering an incredible experience that provided lifelong memories and would highly recommend his services to other groups looking to travel overseas.

Brad Likuski
2000/2001 Team Canada Girls – Calgary, Alberta, Canada
