

“As head coach of a Canadian Midget A hockey travel team I had the distinct pleasure and honour of bringing our team to Europe March 8-18 2019. For the second time in two years I put my trust and confidence in Jack Holmes and European Sports Tours to deliver a truly memorable experience. Jack and his team excel at all aspects of executing a 5 star travel team experience. It starts with the years of hockey experience to schedule games and tournaments that match the skill level of your team. It continues to include high quality accommodations and professional land transportation, including a tour guide at all times. Jack and his team also work to bring one or two real time additions to a trip as the opportunity presents itself. On our recent trip it was a memorable trip to an Alpine suspension bridge 25 minutes from Interlaken. For anyone considering a team sport trip to Europe I would highly recommend engaging Jack Holmes and Sports Tours Europe to handle all of your sports tour needs.”
