Dear Jack,

On behalf of our Fox Creek Group of 52, I would like to send out our deepest gratitude for making this hockey trip, the trip of a lifetime. From the first email I received from you, to the endless phone calls over the year of planning, to us stepping foot on German soil, everything was PERFECT. For a small town Midget A team, you really came through for us.

Thank you for helping us girls plan our side trip to Paris and for helping all the "Crazies" who jumped off the Swiss Alps and went Paragliding. You really made us all feel at home and that we were all family. It is amazing to me that you can meet someone for the first time and feel like you have known them forever. You and Caroline really took us in under your wing and showed us an amazing time.

It really was interesting meeting all the other teams and playing in such foreign arenas. The kids really got a kick out of jumping over the boards on line changes. A small detail, that they are still talking about and telling friends about.

There is not enough paper to write about every fabulous event that transpired on our journey with you but what I can say is, Thank You. Thank You for giving us everything you promised us in the beginning and much, much more. Please feel free to use me as a reference for any potential clients, as I will give your hockey tour, raving accolades.

Yours Truly,

Jody Davidson
