Dear Jack,

I am writing this letter in relation to the trip of a lifetime our Guelph Select 2007-2008 team took with your company in August of 2018. It was an incredible experience. Organizing 61 people to travel through 4 countries in 10 days I assume was an ordeal, but this excursion went without a hitch.

The combination of hockey and sightseeing was a perfect balance of which all immensely enjoyed. Prague, Czech Republic, Salzburg, Austria with a game in Rosenheim, Germany, Trento, Verona and Venice Italy were all places that the group still talk about. Something as simple as organizing a shoot-out after every game had the kids talking about their breakaway skills with smiles.

As much as we covered in 10 days, we never felt rushed or 'over worked' as a tourist. I cannot thank you enough for the experience all of us enjoyed. I would be more than happy to be used as a reference for any future teams looking to book this type of endeavour.
