Hello Jack,

"My goal when I decided to take my team on a tour of Europe was for the boys and their parents to enjoy a once-in-a-lifetime experience. Well, mission accomplished. From the cities, food, and different cultures, to the unique hockey experiences, it was a tremendous success. Furthermore, the trip has forged a bond amongst the boys that is immeasurable.

We were barely three days into the trip when parents started asking, 'where are we going next time?!'

Jack took care of all the details — hotels, buses, games, tickets, guides — and I am happy to recommend him to anyone looking for a tour of Europe."

Regards,

James Madge
