Re: 1997 North Toronto Pee Wee Christmas Hockey Trip

Jack,

I wanted to personally thank you and your son Christopher ("Boo Boo") on behalf of the '97 North Toronto Pee Wee AA team for the great trip that you arranged. Everything was provided for in a very professional manner and "Boo Boo" went out of his way to ensure that all of our questions and requests were dealt with. His help was truly appreciated, and his affable manner made him a pleasure to be around.

The skiing was definitely one of the highlights for sons and dads alike. Very picturesque! We'll never forget the "ski cog train", and those majestic Alps. What a treat!

But most importantly our sons, the "17 stars" of this trip will never forget this experience. Lots of great Hockey, and just enough down time for everyone to get a good sense of the culture and history of this part of the world. The Hockey in Lausanne was particularly memorable as we battled opponents from all over Europe. Our Silver medal was a testament to how evenly matched the hockey was. A difficult task when it comes to tournaments.

Jack, thank you for arranging a truly memorable experience.

Best Regards,
Randy Marks
