

Good day Jack

February 11, 2011

I am not sure if anyone from our team has sent an e-mail pertaining to our travel to Europe to participate in a local hockey tournament as well as see the sights and sounds of Switzerland and Germany.

Well, I apologize for my delay, as when we arrived back to Canada it has been full on.

I would like to take this opportunity to thank you and “Bobo” for arranging a fantastic trip! The hospitality of Switzerland, the people, the hotel and staff was exceptional. “Bobo” was super in assisting us in any way shape or form. He was always there, always smiling and always willing to assist in making our trip more memorable.

I am sure that the players, as well as, the parents found this trip to be a once of a life time experience. I cannot praise you and your company enough for a job well done! :)

I would be more than happy to be used as a reference for any future business prospects where, you need a voice of someone who has had an opportunity to experience your expertise in planning a great hockey adventure/tour.

Thanks again,
Regards,
Glenn Voyce
